

Trailer Tongue Lock Kit

Features

- Accommodates Trailers with 1 7/8" to 2 5/16" Ball Size
- Both Locks Use Same Key for Convenience
- Rugged and Weatherproof Security Locks
- Tamper Resistant Lock Design for Increased Security

Applications

- Tycon MobileSolarPro® Solar Trailers
- Boat Trailers, Campers, Utility Trailers

Description

The Tycon RPMS-LockKit is a rugged trailer tongue lock kit for increased security of all types of trailers. The Ball Receptacle and Hitch Latch locks are keyed as pairs so a customer only needs a single key to open both. This makes the lock pair very convenient in actual use.
